

Degree Courses in Geological Hazards and Environmental Sustainability

Evaluation	Grade	Grading criteria
<i>Fail</i>	≤17	Inadequate, fragmentary, and incomplete knowledge of the contents, which are not understood or are understood and processed only partially. Inadequate reflection and presentation skills.
<i>Pass</i>	18	Very uncertain knowledge of the contents, which need consolidation, and are understood and processed in a very uncertain manner. Barely sufficient reflection and presentation skills.
	19	Uncertain knowledge of the contents, which need consolidation, and are understood and processed in an uncertain manner. Sufficient reflection and presentation skills.
	20	Sufficient knowledge of the contents, which still partly need consolidation, and are understood and processed in an uncertain manner. Sufficient reflection and presentation skills.
<i>Fair</i>	21	More than sufficient knowledge of the contents, which are understood and processed with some uncertainty. Substantial reflection and presentation skills
	22	Fair knowledge of the contents, which are understood and processed with some uncertainty. Fair reflection and presentation skills.
	23	More than fair knowledge of the contents, which are understood and processed with some uncertainty. Fair reflection and presentation skills.
<i>Good</i>	24	Fairly good knowledge of the contents, which are understood and processed with some uncertainty. Good reflection and presentation skills.
	25	Good knowledge of the contents, which are understood and processed in a fairly confident manner. Good reflection and presentation skills.
	26	Complete knowledge of the contents, which are understood and processed in a fairly confident manner. Good reflection and presentation skills.
<i>Very good</i>	27	Complete knowledge of the contents, which are understood and processed in a confident manner. Remarkable reflection and presentation skills.
	28	Complete and in-depth knowledge of the contents, which are understood and processed in a confident manner. Remarkable reflection and presentation skills.
<i>Excellent</i>	29	Broad and in-depth knowledge of the contents, which are understood and processed in a confident manner with full autonomy and personal insights. Excellent reflection and presentation skills, albeit with minor imperfections.
	30	Broad and in-depth knowledge of the contents, which are understood and processed in a confident manner with full autonomy and personal insights. Excellent reflection and presentation skills.
<i>Excellent with honors</i>	30 cum laude	Very in-depth and transversal knowledge of the contents, which are understood and processed with full autonomy and personal insights, with full mastery of the language and excellent ability to make interdisciplinary connections. Full reflection and presentation skills
